

Company Information

KORXX – Cork toys

Clever designed cork toys – that´s what KORXX stands for.

Patricia Kuch is the power behind KORXX cork toys. She believes that toys should encourage creativity in kids and bring a lot of fun and happiness to our children.

This has to come together with the fact, that toys never should endanger children with chemical substances or other poison.

If a toy can combine these facts with the characteristic to support the learning element in the paly of children, then Patricia says, that she has developed a "good" toy.

With KORXX cork building blocks Patricia offers a smart and minimalistic toy that supports the creativity and enables children to play free in mind. KORXX cork building blocks are 12cm by 3cm and 6cm by 3cm. KORXX building blocks come in a very premium wood box. The KORXX box includes 50 large and 20 small bricks.

KORXX cork toys are:

light – silent – save - stable

KORXX will bring to market a variety of different cork toys soon. To be informed about the developments of KORXX please visit the website of KORXX cork toys and ask for further information.

KORXX - easily happy

Since 1887 the name of the family Kuch stands for wooden natural products. All time it was the aim of the family to offer durable products with high quality, to make the life of the new owner a little bit happier.

Patricia Kuch now positions the name of the family Kuch also in the international toy market.

She is mother of two children and experienced business women. She believes that the world and the future of our children need to have toys like KORXX.
